Observations... From Around Town

(BY JAY WHOZIT)

Although we doubt whether anyone need be reminded of the fact, we want to tell you that Sunday is Mother's Day—yes, folks, MOTHER, the one person in all the world who will always listen to what you have to say, whether it be good news, troubles or sorrow; the one person on whose shoulder you can lay your head and have that "good cry" and get it off your chest, who knows all your faults but never sees any of them, the best friend you ever had or ever will have; yes, on Sunday we pay honor and tribute to Mother, God's greatest gift to mankind. . . . fifty-eight will receive diplomas at Stanislaus graduation exercises on Sunday, May 30th, with C. J. Fayard, son of Mr. and Mrs. Fred E. Fayard delivering the valedictory and Joseph Fasold, son of Mr. and Mrs. J. K. Fasold, of Gulfport will be salutatorian. . . . about a year ago rumors were circulated that a new movie theater was to be built in Bay St. Louis, but nothing ever materialized, now these rumors are again going the rounds that the new theater will be started within thirty days, but with us seeing it believing and we will believe this when we see it and not before. . . . the temporary beach road from deMontluzin Avenue and the highway bridge has been opened to traffic, but motorists had better be careful because the road is only wide enough for one car at a time, so be patient and wait until the other fellow passes and thereby avoid accidents. . . . yes, Mr. Mayor, that traffic light you put at the corner of Main and Second Streets is a great improvement, and we are looking forward to the time when all the dangerous corners in town (and there are many) will have traffic lights. . . . congratulations to the St. Stanislaus Band and their director Brother Romuald, for their brilliant performance in the state contest at Jackson last week, when they rated Superior in concert, marching and student conductor, and to Professor Wimberly and his Bay High Band, who did not have one of their outstanding players and retained a rating of "Excellent" in marching and concert. . . . preparations are already underway to care for the hundreds of visitors, who will come to Bay St. Louis, on May 26th, when Bishop-elect Leo F. Fahey will be consecrated, Rev. Edward P. Desmond is general chairman in charge of arrangements. . . . if you have that tired feeling and don't care to cook, visit Hoefeld's Delicatessen, they have everything you want for a tasty meal. . . . the spring term of Chancery Court for Hancock County will convene on Monday morning at 9 o'clock with Chancellor D. M. Russell presiding judge. . . . the Saint Stanislaus baseball team is going great guns and so far has lost only one game. . . . the Bay High School May Festival will be held this Friday night, 8 o'clock at Bay High Gym. . . . Bank deposits as reported by banks in sixty leading Mississippi cities for the month of March aggregated \$420,654,024, an increase of nine percent over March, 1947. . . . the new five-mile stretch of highway now being completed on the eastern outskirts of town should be ready for use some time during the coming summer; this together with the Louisiana section between Pearl River and the Chief, which was recently retopped, should make for smooth riding between here and New Orleans in the future. . . . students of St. Joseph Academy enjoyed a holiday from studies on Wednesday of this week when all classes were taken on picnics by their teachers. . . . after a slow start, the city election campaign is beginning to warm up at last and there should be plenty of fireworks from here on out. . . . the quota for the American Red Cross Drive has been reached and we want to congratulate Chairman E. J. Arceneaux and his co-workers for their splendid efforts. . . . It was a hard job and we know it. . . . the hospital shower will be held on Wednesday, May 12. . . . Look over the list of needed articles and give what you think best. . . . if you can't make up your mind send the cash. . . . don't fail to help this worthy institution.

Governor Wright To Speak On Radio Hook-up Sunday Morning May 9th

His Talk Will Be Addressed to the "Good Negroes of Mississippi"—Will Speak at 7:30 A. M.

Jackson, Mississippi, May 5, Special.—One of the most unusual speeches ever made by a Mississippi Chief Executive is announced by Governor Fielding Wright, who sparkled and has since lead the fight for "States Rights" and the defeat of President Truman's so-called "civil rights" program.

Governor Wright today announced that he will speak on a state wide radio hook-up Sunday morning, May 9 at 7:30 A. M., and his talk will be addressed to the "good Negroes of Mississippi."

"A great many of our colored preachers, teachers and other leaders of the race," he said, "are just as opposed as we are to the so-called 'civil rights' program; but I have had many of them tell me that their people do not understand this 'States Rights' movement with the Democratic Party."

"A lot of them, seeing the white people wearing 'States Rights' buttons, have been led by unscrupulous persons to believe this is a badge of some new kind of anti-Negro organization that this is a fight to preserve their rights, along with the rights of their white people; that it is a fight to permit us to work out our own problems in our own way."

"I don't know of any better way to get the truth to them than to have a frank discussion of the matter with them. I have talked to good Negroes all my life; I was raised with them, I think I know their problems. I expect to tell them what advances have been made in racial relations in Mississippi in recent years; tell them how we have constantly increased the appropriations for Negro education and helped build additional schools and furnished them free textbooks; how we are working to give them better hospital facilities."

"Although I expect to stress the advances we have made and are making, I will make it plain that we will continue to have segregation and I believe all sensible Negroes want it that way. We have lived peacefully with our colored citizens for many generations and can continue to do so; but those who do not want to follow his path will not be happy here."

As Governor of Mississippi, I am governor of all its citizens, black and white; I expect to explain in simple terms that our good citizens of both races all interested in a peaceful and progressive Mississippi and that we believe we are well able to work out our own problems with out supervision from Washington."

Bay High School Band Rates Excellent In Marching And Concert

The Bay High Band under the direction of Prof. George Wimberly, returned from Jackson last week with an excellent rating in Marching and concert playing.

The band entered the State band contest without one of its best players, Billy James, who was at home with the mumps.

Nothing daunted the boys and girls who did good work and came away with superior ratings in ensemble and solo work.

The concert program was Legionnaires on Parade by Kleffman, as their warm-up number; Rustucan by Frankiser, was the required number; the selective number was Ponce de Leon by Olivadote.

The band's drum major, Norma Collier was stepping high when

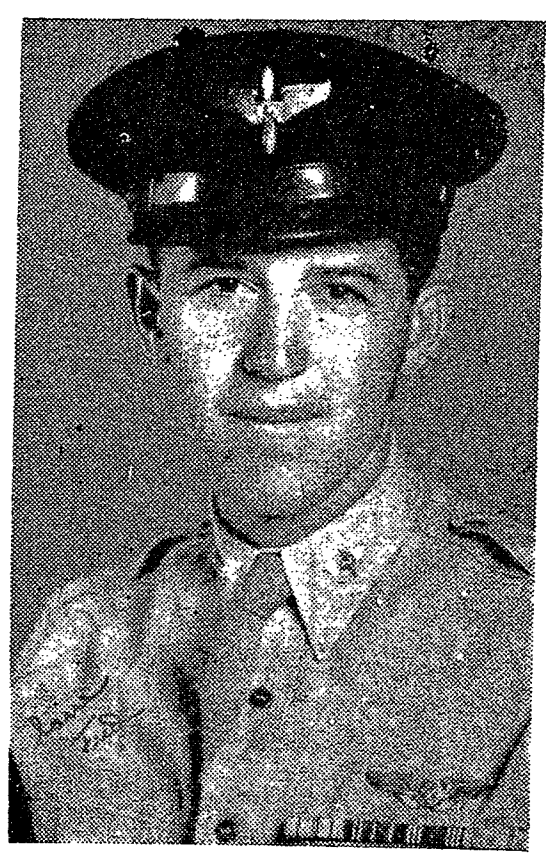

they went out Wednesday night to the Bailey Athletic Field for their marching and kept the band in step. The ensemble was a clarinet quartette, "American Sketch" played by Mary Margaret Johnston, Jane Ann Martin, Ann Kenmar and Inez Kingston.

Billy Ray Bennett played "La Petite Suzanne" by Pryor as a trombone solo. Jane Ann Martin played "Nocturne" by Verhey as a clarinet solo; Curtis Taconi played "Sous le vent" as a saxophone solo.

The awards were made at the general assembly period on Wednesday.

The band made the trip to and from Jackson in the school bus. They were housed at the Heidelberg Hotel during their stay in Jackson.

Seniors of S. J. A. Present "The Red Headed Step Child"

If you are looking for action and unexpected situations "The Red Headed Step Child" is your answer. Comedy! Smart, clever, hilarious comedy!

That is what has made this play outstanding. And not comedy alone, either. There are other qualities, a touch of melo-drama, a delightful romance and a good plot, all combine to make this play the type that everyone enjoys seeing.

For fear that we cannot do the plot justice, we leave it to your own judgment when you compare this comedy success to others you have seen.

If you don't get your money's worth of laughs and interesting situations.

If Bess, Thelma Namais, does not capture the hearts of her audience. If Mrs. Oliver Woodruff, Gloria Martin, and Mrs. Emory Scott, Carly Spence, are not the most snobbish society matrons you ever met.

If Handsome George Garrison, Jane Blair, does not make every girl's blood pressure rise above normal. If the audience does not chuckle at the silly love making of Flora Farnum, Kay Ford.

If Dudley, Norma Collins, isn't American in his use of slang.

If Lucia, Gay Gex, doesn't turn out to be what you really think she is.

If Mrs. Russell, Leboria Bourgeois, isn't a naughty step mother.

If Briggs, "the boy scout"—Joel Quintini's face doesn't crack. If Richard Russell, Virgil Dick, isn't a lovable step father.

And if Ethel Ashley, Gwen Horton, and Lucille Christ, Violet Capdepon aren't good in their roles of critical society girls.

Then—well—then we suggest you call a doctor and call him quick!

We also suggest that you don't miss seeing "The Red Headed Step Child" a bright sparkling comedy, chockful of screaming funny situations and as modern as tomorrow.

Duck Situation Not Encouraging

Latest word from the U. S. Fish and Wild Life Commission about ducks is anything but bright. Last year's wild duck population was estimated at fifty four million, with a slight increase expected this year.

These experts say that until the population hits eighty million the season and bag limits will have to remain the same.

This is tough on us, what with Cuba and Mexico giving a six month season and a bag limit of fifty per day.

King's Daughters Shower Will Be Held On Tuesday May 12th

HOSPITAL PLANNING COMMITTEE MET TO DISCUSS PLANS

An important meeting of the Hospital Planning Committee was held at the hospital on Thursday night of last week with Dr. B. F. Floyd presiding. The object of this meeting was for the planning, or building up, towards the raising of funds for a county hospital.

It is generally known that the Federal Government and the state will make funds for the building of a hospital available if the county can match these funds. This offer or opportunity was on the basis of a thirty-room hospital with the Federal Government allotting \$70,000, the state allotting \$70,000, the county to meet this with \$70,000.

Dr. D. V. Galloway, of Jackson was the principal speaker and gave information on worthwhile plans for securing funds and laying plans for the building of a hospital and answered questions asked by the group. Dr. Galloway said that Hancock County has top priority to secure funds providing they can match Federal and State allotments.

Other out of town speakers were Mr. Purser, hospital consultant, of Meridian, who talked on the staffing of a hospital as to nurses, orderlies, maids, cooks, etc., who make up the personnel of the hospital exclusive of the doctors. Mr. Purser has been superintendent of a hospital in Vicksburg for a number of years; R. C. Williams, executive director Blue Cross, talked on the Blue Cross plan.

The Kings Daughters Hospital was represented by the physicians Dr. B. F. Floyd, C. M. Shipp, A. H. Elledge, A. P. Smith and M. J. Wolfe; the Kings Daughters Circle and the hospital was represented by the members of the executive board, Mrs. Lucien M. Gex, Mrs. Leo Ford, Mrs. E. P. Kirkpatrick; Ed. P. Orte, president of the Board of Supervisors represented the County; W. L. Bourgeois, H. Grady Perkins, City Commissioners, represented the city; Octave Delph, president of the Bay St. Louis Rotary Club was president; Right Reverend Monsignor A. J. Gmelch, Rev. John T. Dearing and Miss Annie Lois May, member, planning committee were in attendance.

May Festival Held At St. Joseph's Academy Saturday Evening

Miss Jane Blair ruled as Queen of the May Festival at St. Joseph Academy, on Saturday evening, May 1st, with Clois Pucheu as her King. The curtain rose on a stage which had been converted into a garden scene with pink roses climbing on tall columns with green fern to lend the desired effect. A garden bench and chairs formed the seat for the Royal Couple.

The queen wore a youthful dress of white organza made with the bouffant skirt and tight fitting bodice trimmed in lace. Her long mantle was of the same material with lace medallions applied on the mantle and edged with pearls. She wore a crown of yellow flowers and carried an arm bouquet of yellow carnations.

Miss Nanette Arceneaux, maid of Honor wore a dress of white organza made with a round neck which was finished with a pale green ruffie representing leaves. The long full skirt had a knee high border of spring flowers hand painted by her mother. She carried an arm bouquet of spring flowers, which carried out the colors of the hand-painted flowers in her dress.

The duke of honor was J. D. Abadie. The maids wore lovely spring models in the pastel shades and carried arm bouquets of spring flowers. The junior maids were dressed in long dresses in matching colors with their maids, and carried old-fashioned bouquets.

The fourth and fifth grade pupils furnished the entertainment for the evening and queen and St. Stanislaus orchestra furnished music for the occasion.

The following comprised the court: Maids and Dukes; Miss Jane Long-lins and Louis Staehle; Marie Shaw and Ray Sheehy; Joan Hobbs and Roy Favre; Joan Elliott and John Vinyet; Sheila Mitchell and Raymond Drew; Mary Jane Green and John Waldo; Dolores Schick and Maurice

The Kings Daughters Hospital Shower will be held on Tuesday, May 12th. There will be open house at the hospital from three to five in the afternoon. Refreshments will be served and there will be the usual birthday cake commemorating the birthday of Florence Nightingale, which is given each year by Mrs. E. J. Lacoste, Sr.

There are many articles needed at the hospital and we might list a few: Soup spoons, tea spoons, dish towels, bath towels, wash cloths, sheets, pillow cases, chairs, table lamps, waste paper baskets, small fruit juice glasses, 9x12 kitchen linoleum rug, floor lamp for reception room, and of course any cash donation will be greatly appreciated in the event donors cannot make up their mind as to the gift they wish to give.

The hospital has been reconditioned and reconditioned, and the many small things that are needed will add to the efficiency of the institution which is today rendering a great service to the people of Hancock County.

On the afternoon of the shower the number will be drawn for the raffle of t baby afghan, which was donated by Mrs. J. C. Roland, Sr., for the benefit of the hospital and from which we understand more than \$100.00 will be realized.

Think about the hospital and think of the good that it is doing, and then think of what you may give that will serve a purpose and you will be helping to serve suffering humanity.

Mayor Blaize Answers Criticisms

TO THE CITIZENS OF
BAY ST. LOUIS:

My formal and official answer as a candidate for Mayor will appear in a subsequent issue of this paper, however, I deem it necessary because of certain charges and insinuations that have been made, by candidates aspiring to the office now held by me, about me as Mayor, and the City Administration as a whole, to at this time answer the charges and insinuations that have so been made. I might say that no other criticism has been brought to my attention other than by these interested and prejudiced parties.

It has been charged that no progress has been made by the present administration in the past sixteen years. Without enumerating the many accomplishments of this present Administration. It is a known fact that the gas system now in operation in the City is municipally owned and is a tremendous asset to the City. Roads have been improved and hard-surfaced. The School System now in operation, with the cooperation of the present Administration, is one of the outstanding institutions in the State. A complete and adequate water system has been installed, and is now in operation. It is a fact that the present administration has been through the most trying times in the history of our Country. When I took office, the Country was in the midst of a depression, and when the economic conditions again became htable, this Country became involved in its greatest war in History. Under these circumstances, with the limited finances and materials available to us, the City of Bay St. Louis has made progress comparable with any City on the Gulf Coast of Mississippi.

The charges so made by my opponents evidence either malicious thinking, or lack of investigation. Because an investigation of the public records of the Commission Council would reflect wherein the charges so made are highly and completely erroneous. All the records of the City of Bay St. Louis are open for inspection to every citizen of Bay St. Louis, including my opponents, and a complete investigation, or even a casual one, would have reflected the progress that has been made, and deny these accusations.

It is a known fact that every City in the State of Mississippi has been trying to operate in these present times of high cost of living, with a minimum amount of funds, available to them. This fact was made apparent by the 1948 session of the Mississippi Legislature, granting to ALL Cities certain financial aid, in which your City will participate. Under these heavy burdens of economic stress, we were still able to raise our City employees, approximately 100%.

It is charged that the City is in dire need of a drainage system. Casual investigation of the public records open for inspection, would have revealed that this commission has,

for several years past, been endeavoring to obtain Federal Aid to assist in the construction of a complete drainage and sewerage system throughout the Town. My opponents unquestionably failed to investigate the records before making this charge.

It is also charged that what the City needs is a City School System that will compare favorably with any in the State, so far as teachers qualifications and facilities are concerned. I wish to answer this by saying that in my opinion the present school teachers system in Bay St. Louis is satisfactory to me, and I know the school system is operated by a Board of School Trustees who have our greatest and utmost confidence, and it is my opinion that they have done a magnificent job in selecting the teachers with the

best qualifications. I deny the charge made by one of my opponents that our most capable and experienced teachers are lured away to other schools. I firmly believe that we have the most capable and experienced staff in the State of Mississippi.

It has been charged by John Scafide, one of my opponents, that I seek the office of Mayor for old age security. I wish to submit to the citizens of Bay St. Louis my qualifications compared to his. For thirty-two years, I successfully worked for the Postal Telegraph Company. I have never failed in any business undertaking or enterprise. Mr. John A. Scafide, during his limited career, has been unable to successfully hold any job or undertaking. To my personal knowledge, Mr Scafide operated the Standard

Oil Station on Ulman Avenue; he did not last there. He was coach at St. Stanislaus; he did not last there, and as far as I know, he has not been successful in any of his undertakings. I ask you, who is better qualified to run your City?

I believe the above answers the charges made against me, and the present Administration. However, the best proof of whether or not your present administration has been a successful one, can be determined by a complete and thorough investigation of the public records that are available to furnish facts, rather than conclusions predicted on malice, hearsay, or prejudice.

Respectfully submitted,
G. Y. BLAIZE
Mayor.

WHERE DANGER LIES.

I am more deadly than the screaming shell from a howitzer; I ruin without killing. I tear down homes; I break hearts and wreck lives. I have no respect for truth and justice, no mercy for the defenceless. You will find me in the pews of the pious and the haunts of the un-

holy. I am wily cunning, malicious and I gather strength with age. I make my way where greed, mistrust and dishonor are unknown. I feed on good and bad alike. My victims are as numerous as the sands of the sea, and often as innocent. I never forgive and seldom forget. My name is GOSSIP.

Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employees reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

The LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15 1/2 cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15 1/2 cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Railway Carmen and the Brotherhood of Railroad Trainmen, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employees have accepted. They have called a strike to get more!

Unions refuse rules discussion

Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified

Engineers and firemen are among the highest paid of all employees in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board

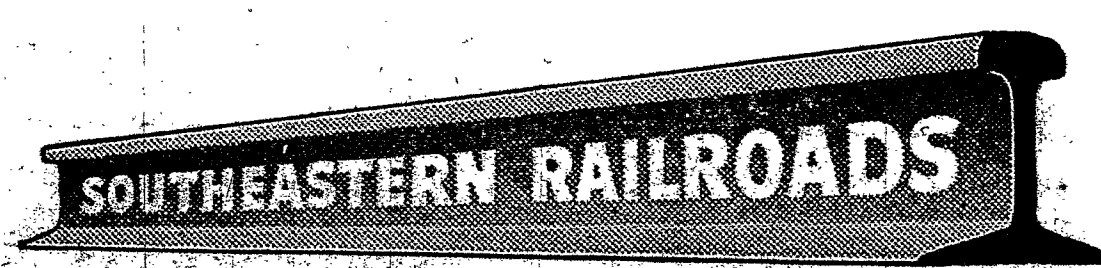

after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these recommendations.

Who's to blame?

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

Compare these wages with what you make!				
Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15 1/2 cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.

Timber Cutting Demonstration Staged By International Paper Company Tuesday

Held in Cooperation With County Agent And Extension Foresters—Proves Interesting And Constructive to The Many Who Attend

The all-day outing and timber cutting demonstration staged on Tuesday by the International Paper Company at its Baldwin Plantation on Mulatto Bayou was well attended and the program proved to be a very interesting and informative one.

The meeting was opened by H. F. Simmons, Hancock County Farm Agent, at 10:30 a. m. who welcomed the visitors and participants in a few words and then introduced L. J. Dantzer, Forester for the Paper Company.

Mr. Dantzer added his welcome to that already voiced and introduced his personnel. He stressed the assistance the Paper Company could be to the foresters.

Mr. Simmons introduced the visiting personnel of the Extension Department. Paul Millsaps, forester; James Therrell, assistant Extension Forester; F. P. Amsler, Harrison County Farm Agent; Tom Harrel, Extension Forester of Pearl River County.

Johnson Shaw, member Hancock County Board of Supervisors, made a short talk on the need of a well planned and executed Forestry program for Hancock County. He discussed tree planting with the tree planting machine which the County has recently purchased but which is for the use of the public.

Rev. Bonnezare acted as guide, through the historic home and the grounds on I gave out interesting bits of history concerning the place. The group then gathered at the club house and visited the stand of the Near-Virgin saw timber. Under the majestic pines and in the atmosphere of pine forest the Paper Company opened its program. Pine trees planted last year by machine planting and paper wood timber were discussed.

Mr. Millsaps illustrated selection of trees for cutting, as to diseased trees, crooked trees, crowded trees, mature trees and Limby (wolf) trees. He said that an item of interest for farmers and in this way the farmer knew the difference in stumpage and delivery price. Mr. Millsaps also talked on the value of artificial reforestation of open fields and said that experiments have proven and farmers have shown that Mississippi lands and especially the lands in this section are capable of producing one cord per acre each year. All machine plant-

ed trees may be planted with half the expense of hand planting. Mr. Millsaps said. The Triple AAA will furnish 5,000 seedlings free of charge for each farm for conservation practice. Mr. Millsaps carried his discussion into the cutting of

ORTTE THEATRE SUNDAY - MONDAY "TENTH AVE ANGEL"

With Margaret O'Brien and Geo. Murphy

One of M-G-M's most realistic sets, was constructed for the new Margaret O'Brien starring vehicle, "Tenth Avenue Angel," which opens on the Ortte screen Sunday and Monday.

An amazingly accurate replica of New York's 10th Avenue, the set covered two full blocks of the studio's Lot Two, and was complete in every detail, even to its store window decorations and the elevated train that rumbled overhead at regular intervals.

A feature of the first day's work was a realistic rainstorm, plus Margaret O'Brien's prowess at skating on a single roller-skate. She successfully dodged trucks, taxicabs and other vehicles.

pulp wood on the same basis.

A contest was held on estimating an acre of standing timber and "Junior" Shaw gave 20,500 board feet, Johnson Shaw gave 21,400 but the correct estimate was 20,195. "Junior" Shaw won the contest for having come nearest.

Lunch was served on the ground and this gave an opportunity for fraternizing.

Mr. Simmons said that it was by far the best and most helpful Forestry program he has ever attended.

CANDIDATE FOR MAYOR

FACTS AND FIGURES DON'T LIE!

Hello, Folks:
As you know, facts and figures don't lie. The contents of these articles are taken from the records in the City Hall and are authentic. It was somewhat amazing to me (and I am sure it will be to you people of Bay St. Louis) to learn the amount of taxes going into our city treasury annually. We have always been told that it takes money to operate the city with which we all agree, but what happens to the tremendous amount of money collected?

In last week's article I was not in a position to give you the entire city assessment. However, today I can complete the total amount of assessment and taxes.

The Assessment of Utilities:

Mississippi Power Company	77,952.00
Railway Express	232.00
Pullman Company	267.00
American Tel. & Tel. Co.	2,969.00
Southern Bell Tel. & Tel. Co.	51,256.00
Western Union	3,139.00
L. & N. Railroad	166,363.00
Northwestern Refrigeration Co.	895.12
Continental Carbon Co.	10.96
Dow Chemical Co.	126.10

Total amount of Public Utilities Assessments 303,202.18

Taxes collected from Utilities at 43 1/2 Mills \$ 13,189.29

40% Poll Taxes collected within City limits 1,280.00

Refund from County, Road and Bridge Fund, 1 1/2 of 7 Mills, or 3 1/2 Mills 5,000.00

Tuition Fees paid by County for County Students attending City Schools for past eight months 9,477.50

Average Tuition for ninth month 1,184.00

Refund from Miss. Power Co. 1,800.00

Taxes collected from Real Estate, Water Rent and Personal Taxes 143,584.60

(Income from Natural Gas Collections is now not controlled by City)

Total amount of taxes now collected by our City \$173,715.70

May I ask this question again? What happens to this money? Are we free American Citizens with principles and ideals of honesty and integrity going to sit idly by and let this present condition continue to exist? Well, Folks, that's the question for you to answer.

Remember the Date—July 10th.

Your Independent Candidate,

EARL RAMOND.

4-H Club Members To Be Awarded Free Trips by United Gas Co.

State College Miss.—4-H Club members enrolled in the 1948 4-H Junior Leadership program in Mississippi will be awarded 334 free trips valued at \$5.50 and made possible by the United Gas Company, it was announced by the State 4-H Club Department.

The awards will include free trips for an outstanding boy and an outstanding girl from each county in the state to district 4-H junior leadership training conferences in June, and also trips for a boy and girl from each county to State Club Congress in July.

One boy and one girl in the state will receive free trips to National Club Congress in Chicago in December. Two boys and two girls will receive free trips to National 4-H Club Camp in Washington, D. C., in June.

An award of \$50 will also be made for the best community 4-H Club program in each of the five Extension districts.

4-H Club members who will be awarded these trips will be selected on the basis of service to their fellow Club members as reflected in outstanding 4-H community club effort and achievement, the club leaders said.

The philosophy behind the program, they pointed out, is to emphasize the value and importance of service to the community and club and outstanding achievement in project activities rather than offices or jobs held in the club.

N. C. McGowan, president, stated that the United Gas Company's purpose in sponsoring the program is "to help produce leaders from the ranks of 4-H Club Members by offering these awards as an incentive to these youths and future citizens whose endeavors will contribute to the future public welfare."

X-RAY UNIT TAKES SEVEN HUNDRED PICTURES

Last Friday and Saturday the mobile X-Ray Unit of the Mississippi State Board of Health took seven hundred chest X-Rays of local people, including children of 15 years and over in all local schools.

In continuing its policy of mass X-Rays, the State Department through its local health unit hopes to X-Ray every person over 15 years of age in the State. Through this method tuberculosis can be detected in its early stages, when cures can be effected much easier.

Dr. C. M. Shipp, Hancock County Health Officer, advises that anyone whose X-Ray picture shows any suspicious signs will be notified within two or three weeks and advised as to precautionary measures to take.

The X-Ray Unit will visit all rural communities in Hancock County this fall, the exact date will be announced later.

CHANCERY SUMMONS

THE STATE OF MISSISSIPPI

To the Heirs-at-Law of William A. Brown, Deceased.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the 2nd Monday of May, A. D. 1948; to defend the suit No. 5441, in said Court of Anthony J. Palermo, and wife, Ruth S. Palermo, wherein you are a Defendant.

This 10th day of April, A. D. 1948.
A. C. MITCHELL,
(SEAL) Chancery Clerk.
Of Hancock County, Miss.

Thrift-Conscious Community

Your bank has enjoyed almost a million dollars increase in deposits since December, its total resources having almost reached war-time peak.

It was to be expected, as a result of the hurricane, that many customers would draw on their savings and cash to make needed repairs. Taxes are also a periodic drain upon the individual's resources.

Despite all this, and apart from public funds held in your bank, deposits in the form of savings and checking accounts show a substantial increase.

Apparently, ours is a thrift-conscious community. And in the encouragement of that idea, we build the fortunes of our people while we lay a firm foundation for the increasing prosperity of a region coming so richly into its own.
